I am an electrical engineering student at IIT Madras. I am passionate about technology and want to pursue a career in software engineering and app development. I believe I have the right skills and knowledge to make a successful career in this field.

Professional Experience

Project Team Member
Team Agnirath, CFI Team at IIT Madras | Present

I am an electrical engineer and motor head at Team Agnirath, working on the development of the solar car for WSC-2023. I am a project member as an electrical engineer, with a significant amount of knowledge on motor design, electrical systems, and solar energy. I am a highly-motivated team member, and I am passionate about completing this project to the highest possible quality.

Android Developer
My Project- QuietRPS

Quitet RPS would likely allow players to play the game against a computer-controlled opponent, either in real-time or asynchronously. The app might also include additional features or gameplay modes, such as leaderboards.

Android Developer
My Project- Bunny Run

In Bunny Run, you play as a bunny who must slide left and right to avoid falling spikes. The game is set in a colorful and cartoonish world, and the bunny character is often depicted with a cheerful expression.
In Bunny Run, you only have three lives. At the start of the game, the lifeline is displayed in green. However, if you die once, the lifeline becomes yellow, and if you die again, it becomes red. If you die a third time, the game will be over.

Student Mentor
Shikha Prayas

I am a passionate mentor, guiding two students in their journey of learning. I provide support, encouragement and resources to help them reach their potential

Class Representative
My Class EE21 IIT Madras | Present

I am an enthusiastic and responsible class representative. I am passionate about representing my classmates and helping them to have their voices heard.

Languages

Hindi, English, Maithili, Low German

Education

BTech in Electrical Engineering
IIT Madras at Chennai | Present

CBSE Class 12th in PCM + Python
KV Hec Ranchi at Ranchi

CBSE Class 10th
KV Hec Ranchi at Ranchi

Key Skills

- Python
- Java
- App Development
- C
- Android
- Android Studio
- Mobile Development
